Research Drivers– European Health Library Quality Standards

Janet & Marta Santander Bank Salamanca
Aim of project

To adhere to the objectives of Eahil by promoting, sharing and implementation of good practice in health libraries by developing the framework of a Model to inform:

Health Library Quality Standards in Europe
The European Health Library Quality Standards: A Model

Objectives of the Project

- To undertake a critical literature review of Health Library Standards worldwide;
- To scope the existing Health Library Standards worldwide;
- To review Health Library quality accreditation processes across Europe;
The European Health Library Quality Standards: A Model

Objectives of the Project

- To gain views and opinions of Health Librarians about Health Library standards in Europe;
- To develop a set of standards for European Health Libraries quality assessment.
Triangulation of Evidence
